

## **Western Museum of Mining & Industry United Gold Mines Collection (1902-1995)**

This collection was created by merging and organizing several donations to the museum from 1992-2018. The result is a collection of material that contains the surviving records of United Gold Mines, which was founded in Victor, CO, by the Woods Brothers in 1902. UGM was one of the major companies in the Cripple Creek Mining District and competed with Golden Cycle Corporation, a Carlton family conglomerate. Golden Cycle foreclosed on all UGM properties in the Cripple Creek Mining District in 1965 and absorbed all of the UGM holdings.

Donors of this collection include Cripple Creek & Victor Gold Mining Company (1992.24, 1992.30, 1996.12, 1997.12, 1997.27, 2022.16), Frank Gorman (1999.3, 1999.20), Peter Spahn (1999.40), Robert Murray (2003.7), Malcolm E. MacDougall (2013.6), the Numismatic Museum (2017.6), Mrs. Geraldine Y. Pegler (2018.20), and CC&V Gold Mining Company (2022.16). Edward T. Hunter, an employee of the Cripple Creek & Victor Gold Mining Company, was the principal donor from that company. The late Mr. Hunter was a long-time member and frequent donor to the museum.

### **Scope and Contents**

The UGM Collection is divided into four series:

Series A: Corporate Ledgers, 6 boxes containing 28 ledgers, and 11 oversized ledgers

Series B: Corporate Records, 24 document boxes

Series C: Records of Individual Mines, 17 document boxes, 1 carton

Series D: Cresson Consolidated Mining & Milling Company, 137 Stock Certificate Books

Series E: Oversized Documents and Maps

### **Condition**

The financial ledgers are in good condition, with the handwritten entries still legible. The board minute books are typed and in good condition, with some yellowing, and some pages loose. The Annual Reports of the company are yellowing, some brittle, but most in good condition. Very little, if any, water and mildew damage are present, primarily in Series C, Box 16, containing pocket notebooks from the 1920s and 1930s.

**Series D: Cresson Consolidated Mining & Milling Company  
Stock Certificate Books, 1916-1976**

In April 2017, the Western Museum of Mining & Industry received 137 books of stock certificates of the Cresson Consolidated Mining & Milling Company. These books had been stored by the Numismatic Museum in an old warehouse that the city of Colorado Springs was going to demolish.

The certificate books begin with #1, dated August 16, 1916, and end with #38,000, dated June 16, 1976. There are numerous missing certificates in these books, but a thorough inventory would have to be completed to list all missing certificates. The following complete books are missing, listed by certificate numbers:

#1751-2000  
#5751-6000  
#9251-9500  
#16001-16250  
#18501-18750  
#22751-23000  
#26251-26500

The books start with #1 and end consecutively with #35000. The last seven books in this collection include the following certificates:

#36238-36485  
#36486-36735  
#36736-36985  
#36986-37236  
#37250-37500  
#37501-37750  
#37754-38000

There are roughly 250 certificates in each volume. Also included are numerous death certificates and associated correspondence, bank statements, and other material used to clearly identify the owner of certificates who probably inherited or received them as gifts from the original owner.
